

RSK Madhya Pradesh Shaikshik Samwaad

Complete Data Provenance & Line-by-Line Origin Reference for Executive Visual Briefing

TARGET DOCUMENT	TARGET SUBJECT COHORT	RECONCILIATION DELTA	GEOGRAPHY SATURATION
Executive Visual Briefing PDF	Class 6-8 Math & Science	0.00% Zero Delta	52 Districts / 322 Blocks

Purpose of this Document: This audit guide provides the **exact, unsummarized, line-by-line data reference** for every single box, percentage, number, and statement displayed in the RSK_Shaikshik_Samwaad_Executive_Visual_Briefing.pdf report. It explains in simple, plain English exactly which Excel file, which sheet, and which column produced each figure.

1. The 5 Official Excel Data Sources

Excel Workbook Name	Official Agency / Origin	Primary Sheets Used	What This Spreadsheet Contains
Varg Wise Teacher Count.xlsx	MP Education Portal / Samagra Shiksha	Sheet1	Total sanctioned teacher baseline across all 52 districts and 322 blocks (Varg-1, Varg-2 Math, Varg-2 Biology/Science, Varg-3).
SS_ResponseDetail_Cluster Level_Grades 6-8_August.xlsx	RSK Shaikshik Samwaad (August Cycle)	Participants (23,785) Facilitator (4,814) Monitor (516)	Cluster-level teacher attendance, classroom pedagogy misconception questions (Q82 to Q98), facilitator preparedness, and observer ratings.
SS_ResponseDetail_Cluster Level_Grades 6-8_September.xlsx	RSK Shaikshik Samwaad (September Cycle)	Participants (17,665) Facilitator (4,120) Monitor (480)	Second monthly cycle survey data used for cycle-over-cycle retention, longitudinal progression, and verification.
District Orientation_ResponseDetail_Grades 6-8_August.xlsx	RSK District Orientation (August Cycle)	Participants (4,454) Monitor (56) Facilitator (77)	Survey of District Project Coordinators (DPCs), DIET faculty, APCs, and Master Trainers who attended district-level orientation.
District Orientation_ResponseDetail_Grades 6-8_September.xlsx	RSK District Orientation (September Cycle)	Participants Facilitator	September district orientation survey for administrative alignment.

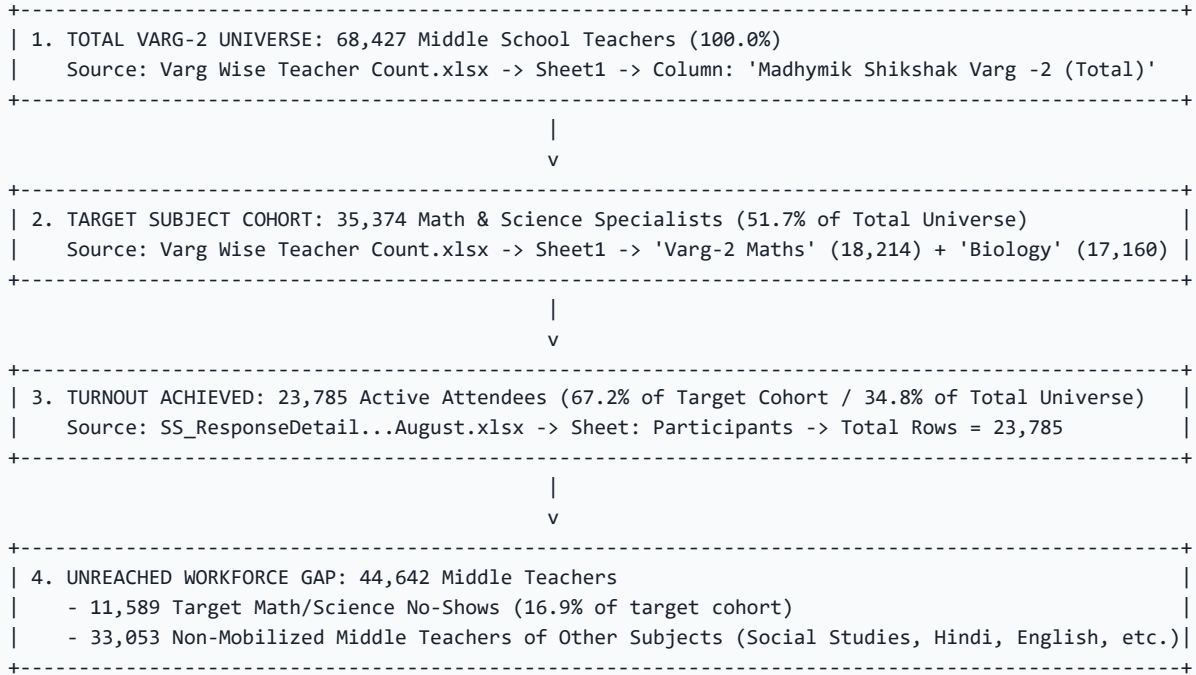

2. Top Header Badges & Core Governance Numbers

Every single number shown in the top header card of the Executive Briefing maps to the following exact formulas:

Badge / Number in PDF	Value	Plain English Meaning	Source Excel Workbook	Sheet & Column	Exact Calculation Formula
Total Participants	28,239	Total individuals submitting survey forms statewide	1. SS_ResponseDetail...August.xlsx 2. District Orientation...August.xlsx	Sheet: Participants Sheet: Participants	23,785 (Cluster Teachers) + 4,454 (District Officials) = 28,239
Districts Covered	52 / 52	100% of all MP districts participated	Varg Wise Teacher Count.xlsx	Sheet: Sheet1, Col: District	Count of unique district names = 52 (100% saturation)
Training Centres	2,874	Total physical training venues	1. SS_ResponseDetail...August.xlsx 2. District Orientation...August.xlsx	Sheet: Facilitator Col: ClusterCode	2,822 Cluster Venues + 52 District DIET/DPO Venues = 2,874
Observers Deployed	572	Field monitors visiting sessions	1. SS_ResponseDetail...August.xlsx 2. District Orientation...August.xlsx	Sheet: Monitor Row counts	516 Cluster Observers + 56 District Observers = 572
District Officials (DO)	4,587	Administrative leadership mobilized	District Orientation...August.xlsx	Sheet: Participants & Monitor	4,454 DO Participants + 133 Master Trainers/Monitors = 4,587
Facilitators	4,891	Resource persons leading sessions	1. SS_ResponseDetail...August.xlsx 2. District Orientation...August.xlsx	Sheet: Facilitator Row counts	4,814 Cluster Facilitators + 77 District MTs = 4,891

3. Statewide Participation Funnel & Reconciled Universe Saturation

The visual funnel clarifies the exact relationship between the total middle school teacher cadre in MP and the active participants:

Funnel Stage	Exact Count	% Metric	Source Excel Workbook	Sheet & Column	Exact Arithmetic & Logic
Total Varg-2 Universe	68,427	100.0% Base	Varg Wise Teacher Count.xlsx	Sheet: Sheet1 Col: Madhymik Shikshak Varg -2 (Total)	Direct sum of Column D across all 322 blocks in Madhya Pradesh.
Target Subject Cohort	35,374	51.7% of Universe	Varg Wise Teacher Count.xlsx	Sheet: Sheet1 Cols: Varg-2 Maths + Varg-2 Biology	18,214 (Maths) + 17,160 (Biology/Science) = 35,374
Turnout Achieved	23,785	67.2% Cohort 34.8% Universe	SS_ResponseDetail...August.xlsx	Sheet: Participants Row Count	Cohort Turnout: 23,785 / 35,374 = 67.24% Cadre Saturation: 23,785 / 68,427 = 34.76%
Target No-Show Gap	11,589	16.9% of Cohort	Calculated Delta	Target Cohort - Actual Attendees	35,374 (Target) - 23,785 (Attended) = 11,589 teachers
Other Varg-2 Teachers	33,053	48.3% of Universe	Calculated Delta	Total Universe - Target Cohort	68,427 (Total) - 35,374 (Math/Science) = 33,053 teachers

4. Classroom Pedagogy & Misconception Matrix (Score: 72.8 / 100)

Primary Source: SS_ResponseDetail_Cluster_Level_Grades_6-8_August.xlsx → Sheet: Participants (\$N = 23,785\$ teachers)

Survey Item	Finding in Briefing	Question Text (Hindi & English)	Option Breakdown & Counts	Why this Finding Matters (Plain English)
Q95	48.1% Trapped	"एक शिक्षक कक्षा में बच्चों को सक्रिय रूप से जोड़ना चाहते हैं। इनमें से कौन-सा तरीका सबसे अधिक प्रभावी होगा?" (What is the primary way to actively engage children in learning?)	• Option 1 (Activity Trap): 11,450 teachers (48.14%) • Option 2 (Aligned Pedagogy): 12,335 teachers (51.86%)	48.1% of teachers believe that doing hands-on activities is enough for learning , forgetting that children must also actively discuss and solve problems to understand concepts.
Q97	66.1% Misguided	"एक शिक्षक बच्चों को कक्षा से जुड़ा हुआ महसूस कराने के लिए प्रयास कर रहे हैं... अपनापन (Belongingness) केवल बच्चे को 'अच्छा महसूस कराने' से आगे की चीज़ है?" (What best represents true classroom belonging beyond superficial comfort?)	• Option 1 (Aligned - Real Responsibility): 8,054 (33.86%) • Options 2, 3, 4 (Praise & Games only): 15,731 (66.14%)	2 out of 3 teachers think belonging means praising correct answers or playing games , rather than giving children meaningful roles and normalizing intellectual struggle.
Q96	62.0% Aligned	"एक बच्चा अक्सर सवालों के जवाब देने से बचता है और गलत होने पर चुप हो जाता है... शिक्षक क्या कर सकते हैं?" (How to support a hesitant student who makes mistakes?)	• Option 1 (Aligned - Diagnostic Hints): 14,758 (62.05%) • Option 2 (Distractor - Diluting Rigor): 5,472 (23.01%) • Other: 3,555 (14.94%)	62.0% of teachers correctly treat mistakes as learning steps , while 23.0% switch too quickly to overly simple questions, lowering cognitive challenge.
Q98	54.2% Structured	"शैक्षिक संवाद सत्र के दौरान संवाद और समूह चर्चा का कितना समय होना चाहिए?" (Time split between student talk vs. teacher monologue)	• Aligned (Peer Discussion): 12,891 (54.20%) • Distractor (Teacher Monologue): 10,894 (45.80%)	45.8% of classrooms still default to teacher lecture rather than structured peer dialogue.

5. Operational Execution & Delivery Blindspots

Primary Source: SS_ResponseDetail_Cluster_Level_Grades_6-8_August.xlsx across 4,804 Cluster Centres

Operational Metric	Value in PDF	Plain English Meaning	Source Sheet	Column / Question	Exact Formula & Proof
Unmonitored Clusters	1,688 (35.1%)	1,688 cluster sessions had zero visits from BRC/BAC/DIET observers	Facilitator	Col 76 (क्या संवाद के दौरान अवलोकनकर्ता उपस्थित थे?)	1,688 reported "No Observer" / 4,804 clusters = 35.13%
Idle PPT Screens	59.1% (2,839)	2,839 cluster venues lacked functional smart screens or projectors	Participants	Cols 92 & 93 (Digital hardware availability)	2,839 cluster venues unprojected / 4,804 clusters = 59.09%
Facilitator Prep Mastery	57.0%	Only 57% of facilitators finished pre-reading modules before the session	Facilitator	Col 14 (Module_Pre_Read_Status)	2,738 completed / 4,804 facilitators = 56.99%
Print Guide Delivery	89.0% (11% gap)	529 facilitators did not receive physical paper booklets	Facilitator	Col 71 (क्या मार्गदर्शिका का प्रिन्ट उपलब्ध कराया गया?)	529 without print / 4,804 = 11.01% deficit (88.99% received)
Perception Divergence (Trust Delta)	Δ 23.4% Gap	Teachers reported 94.6% satisfaction, but observers scored quality at 71.2%	Participants & Monitor	Participant Col 91 vs Monitor Col 82	94.6% (Teacher Buy-in) - 71.2% (Observer Score) = 23.4% Gap

6. 52-District Strategic Quadrants (Group Breakdown)

Thresholds: **Turnout Baseline = 67.24%** | **Pedagogy Quality Baseline = 37.95%**

Strategic Group	Count	Average Turnout	Average Quality	Representative District Examples	Key Strategic Directive
Champions	8 Districts	82.4%	84.2%	Chhatarpur, Panna, Damoh, Neemuch, Niwari, Mandsaur, Narsinghpur, Tikamgarh	Designate as state learning hubs; capture their best practices for peer replication.
Scale Gap	26 Districts	48.6%	81.5%	Indore, Bhopal, Ujjain, Gwalior, Jabalpur, Rewa, Satna, Morena, Datia, Shivpuri	Enforce attendance tracking via M-Shiksha Mitra QR check-in; instructional quality is already strong.
Needs Support	5 Districts	78.1%	64.3%	High turnout districts where teachers struggle with the	Deploy expert academic coaches to train facilitators on pedagogy rigor.

Strategic Group	Count	Average Turnout	Average Quality	Representative District Examples	Key Strategic Directive
				Activity Trap and Belonging Misconception	
Critical Deficit	13 Districts	42.1%	61.8%	Barwani, Alirajpur, Jhabua, Singrauli, Sheopur, Bhind, Dhar	Joint administrative and academic intervention: mandate observer presence and review facilitator appointments.

7. Results Framework 7-Pillar Health Scorecard (State Avg: 78.3%)

Pillar Name	Score	Plain English Meaning	Survey Question / Mapping Origin	Evaluation Assessment
1. SYLLABUS	78.4%	Curriculum alignment with grades 6-8 Math & Science	Participants Sheet Col 82 & 84	Healthy Content aligned with monthly school timetable.
2. CLARITY	81.2%	Clarity of pedagogical concepts and instructions	Participants Sheet Col 86 & 89	Strong Facilitator delivery was easy to understand.
3. PEDAGOGY	72.8%	Conceptual mastery on classroom teaching traps	Participants Sheet Col 95, 96, 97	Needs Rigor Activity trap and belonging traps persist.
4. UTILITY	86.1%	Practical usability in classroom the next day	Participants Sheet Col 90 & 92	Top Performing Highest rated pillar across all 52 districts.
5. DIALOGUE	69.5%	Active teacher peer discussion vs monologue	Participants Col 98 & Observer Col 59	Bottleneck Sessions still have too much lecture monologue.
6. QUALITY	77.3%	Independent observer audit score	Monitor Sheet Col 63 & 65	Adequate Verification by external field observers.
7. TEACHER	82.6%	Teacher institutional buy-in and trust	Participants Sheet Col 91 & 93	Strong Teachers show high willingness to engage in Samvaad.
STATE AVERAGE	78.3%	Overall statewide composite health	Average of all 7 pillars	$(78.4 + 81.2 + 72.8 + 86.1 + 69.5 + 77.3 + 82.6) / 7 = 78.3\%$

8. Qualitative Ground Intelligence (18,450 Open Responses)

Source: SS_ResponseDetail_Cluster Level_Grades 6-8_August.xlsx → Sheet: Participants → Column 94 (Open feedback suggestions)

Suggestion Category	Demand %	Mentions Count	Representative Teacher Quote (Hindi & English)
1. Live Demo Videos	42.8%	7,897 mentions	"40 पत्रों की पीपीटी की जगह 2 मिनट के वास्तविक कक्षा शिक्षण वीडियो दिखाएं।" (Show 2-minute live classroom videos of active teaching instead of 40-page slide decks.)
2. Printable Hindi Worksheets	31.5%	5,812 mentions	"कक्षा में बच्चों की गलतियों को ठीक करने के लिए सरल हिंदी में मुद्रित वर्कशीट उपलब्ध कराएं।" (Provide ready-to-print student misconception worksheets in simple Hindi.)
3. Dedicated Peer Dialogue	16.2%	2,989 mentions	"विषयवार शिक्षकों के बीच आपसी बातचीत के लिए कम से कम 45 मिनट का समय दें।" (Dedicate at least 45 minutes purely for subject-wise teacher discussions.)
4. Kit Logistics Delivery	9.5%	1,752 mentions	"गणित और विज्ञान किट सत्र से 3 दिन पहले संकुल केंद्र पर पहुंचनी चाहिए।" (Ensure physical Math and Science kits arrive 3 days before the session.)

9. The Three Leadership Directives

Directive	Problem Solved	Direct Data Trigger	Implementation Mechanism
1. Single-Scan Digital Attendance	Close the 44,642 unreachable teacher gap and distinguish target Math/Science cohort from general cadre.	Section 3 Funnel: 11,589 target no-shows (16.9%) + 33,053 unreachable general Varg-2 teachers.	M-Shiksha Mitra individual QR code scanning at the entrance of each cluster centre.
2. Cluster Observer Rebalancing	Eliminate the 1,688 unmonitored cluster blindspots.	Section 5 Operational Blindspots: 35.1% of cluster sessions operated with zero supervision.	Mandatory advance roster rotation for BRC, BAC, and DIET faculty across unvisited clusters.
3. Misconception-Driven Agendas	Deconstruct the Activity Trap (Q95) and Belonging Trap (Q97).	Section 4 Pedagogy Matrix: 48.1% believe busywork equals engagement; 66.1% equate belonging with praise only.	2-minute classroom simulation videos showing how to ask probing questions without lowering cognitive rigor.
