SUMMARY OF ALL 10 DASHBOARD TABS (EXACT TELEMETRY & WHAT DATA DENOTES)

10 DASHBOARD MODULES

TAB 01

MACRO

1. Overview & KPIs

23,785 (34.8%)

What Data Denotes: Dual-cycle telemetry shows mobilization rising from 31.6% to 33.8%. Math & Science teachers achieved 67.2% targeted cohort turnout across 2,822 active cluster centers.

TAB 02

RF SCORE

2. Key Goals (RF)

7/12

Shine

What Data Denotes: High DO Reach (96%), Clarity (88%), and Utility (91.2%). Critical bottleneck is Dialogue Quality at 51.5%, denoting superficial teacher peer discussions.

TAB 03

360° PROFILE

3. District Profile

52 Districts

What Data Denotes: Deep block-level bifurcation reveals high intra-district variance. Same-block peer benchmarks show equal-scale districts varying from 29% up to 88% teacher saturation.

TAB 04

LEAGUE

4. District Rankings

4 Quadrants

What Data Denotes: 8 Benchmark Champions (Chhindwara, Indore, etc.), 26 Scale Gap districts (high turnout, lower pedagogy), 5 Mobilization, and 13 Critical Support districts.

TAB 05

ROSTER

5. Block Directory

322 Blocks

What Data Denotes: 42 blocks exceed >80% saturation, while 38 remote/tribal blocks remain below <20% saturation, denoting severe transportation and CAC mobilization gaps.

TAB 06

QUESTIONS

6. Survey Questions

70+ Items

What Data Denotes: High satisfaction on materials (94.2%), but item-level distractor analysis reveals that teachers frequently choose superficial teaching shortcuts over cognitive rigor.

TAB 07

PEDAGOGY

7. Teaching Quality

35.9% Agency

What Data Denotes: 48.1% of teachers in "Activity Trap" (Q95). 66.1% confuse belonging with praise (Q97). 62% error safety (Q96), but 23% dumb down questions for shy kids.

TAB 08

ACTIONS

8. Key Actions

35.1% Unmonitored

What Data Denotes: 1,688 clusters had 0 monitors present. 59.1% of sessions had PPTs idle due to screen unavailability. 11% lacked physical print guides.

TAB 09

AI DOSSIER

9. AI Insights

Dual Cycle

What Data Denotes: Automated cross-cycle synthesis reveals that districts with high monitor attendance showed a +14.2% higher teacher mastery in active learning pedagogy.

TAB 10

QUOTES

10. Qualitative Research

1,600+ Quotes

What Data Denotes: 46.2% of quotes focus on classroom TLM, 24.1% on facilitation time crunches, and 14.3% on printed guide logistics and cluster travel hurdles.

DECISION INTELLIGENCE

Pedagogical Health (23,785 Teachers)

Tab 7 Deep-Dive

1. Student Agency (Q95 – 48.1% Activity Trap):

11,450 teachers believe active learning is keeping kids busy with fun activities. Only 35.9% foster authentic thinking responsibility.

2. Belongingness (Q97 – 66.1% Confusion):

Only 33.9% give students real classroom duties. 66.1% reduce belonging to superficial praise (25.2%) or playing games (28.5%).

3. Safe Space & Errors (Q96 – 62% Baseline):

62% normalize student mistakes, but 23% dumb down questions for shy students, unintentionally lowering cognitive rigor.

Field Delivery (Monitors & Facilitators) Tabs 6 & 8

1. Severe Monitoring Deficit (Q76 – 35.1%):

1,688 clusters had ZERO monitors present. Where monitors attended, 37.2% noted low teacher talk-time due to facilitator lecturing.

2. Technology Projection Paradox (Q65 – 59.1%):

71.6% had PPTs on mobile, but in 59.1% of sessions PPTs were never projected onto screens due to lack of electricity/hardware.

3. Printed Guide Logistics (Q71 – 89% Coverage):

89% received print guides, but 529 clusters lacked print (334 soft-copy only, 173 zero guides), hurting session flow.

52-District Quadrant Map

Tab 4

Quadrant	Districts	Key Districts
Champions	8	Chhindwara, Indore, Narsinghpur, Narmadapuram
Scale Gap	26	Balaghat, Betul, Dhar, Sagar, Rewa, Satna
Mobilize	5	Agar Malwa, Sheopur, Harda, Neemuch
Support	13	Alirajpur, Anuppur, Bhopal, Burhanpur

Key RSK Directives: (1) Micro-role coaching to break the 48% activity trap, (2) Mandatory 1-teacher rotational school quorum to reach 100% of the 68.4k universe, (3) 100% advance monitoring duty rosters.
