

Shikshak Samvad (Grades 6–8) — Simple Executive Data & Insights Guide

A Plain-Language Executive Guide to Attendance Trends, Classroom Teaching Habits, Logistics Realities, and District Performance

TOTAL RECORDS: 66,566 Verified STATE COVERAGE: 52 Districts (322 Blocks) TEACHERS REACHED: 33,866 (49.5% of MP) CORE SUBJECTS: Math & Science (Grades 6–8)

🌟 5 Key Things You Need to Know:

- Massive Reach:** Over **33,800 unique teachers** participated across August and September (nearly half of all Grade 6–8 teachers in MP).
- High Teacher Trust:** **94.6% of teachers** love peer learning and find it helpful for their daily classroom teaching.
- The Activity Trap:** While teachers love hands-on activities, **48.1% believe keeping kids busy is enough**, missing the chance to guide them to conceptual understanding.
- Technology Realities:** In **59.1% of training venues**, slides could not be projected on screen due to hardware or power issues.
- Statewide Strength:** Half of the state (**26 districts**) already delivers high teaching quality but needs better attendance mobilization.

1. Teacher Attendance & Participation (The Big Picture)

Cadre Universe

Total Middle School Teachers in MP: 68,427 | — Target Math & Science Teachers: 35,374 (51.7% of all teachers) | — Attended in August: 23,785 (67.2% of target cohort) | — Missed August: 11,589 (32.8%) | — Cumulative Unique Teachers Reached (Aug + Sep): 33,866 (49.5% of MP) | — Regulars (Attended BOTH August & September): 13,088 Teachers | — First-Timers in September (New Intake): 10,081 Teachers | — Attended August Only (Missed September): 10,697 Teachers

Role in Training	Monthly Headcount	What This Group Does in Simple Terms
Classroom Teachers	~23,500 / month	Middle school educators teaching Math and Science in classrooms every day.
Cluster Facilitators (CACs)	~4,800 Leads	Lead teachers chosen to guide cluster conversations and model teaching activities.
Independent Observers	~500 Monitors	BACs and APCs visiting cluster venues to independently audit training quality.
District Leadership (DOs)	~4,450 Officials	DIET faculty, DPCs, and education officers who run district-level orientations.

2. What Happens in Classrooms: 4 Key Teaching Habits & Misconceptions

Survey Insights

Habit 1: The "Activity Trap" (Q95) • 48.1% of Teachers Trapped

The Question Asked: "What is the main goal of using activities and learning kits in class?"

Response Type	What Teachers Said	Result & Meaning
The Trap Choice	"Keep children busy with lots of activities so they stay active."	48.1% (11,450 teachers) fell into the trap of doing activities without reflection.
The Best Practice	"Use activities to help children think, reflect, and understand the concept."	35.9% (8,548 teachers) demonstrated high-level constructivist teaching.

👉 Action: Teach educators that activities are just tools; the real learning happens when students discuss and conclude what the activity taught them.

Habit 2: Building Student Belonging (Q97) • 66.1% Misguided

The Question Asked: "How do you make every student feel they belong in your classroom?"

Response Type	What Teachers Said	Result & Meaning
The Best Practice	"Give students real classroom responsibilities and value their contributions."	33.9% (8,054 teachers) chose authentic student agency.
Common Traps	"Play casual games (28.5%) or praise only students who give correct answers (25.2%)."	66.1% (15,731 teachers) relied on superficial games or praise.

👉 Action: Shift teachers from praising only top-performers to making every student feel valued and safe to participate.

Habit 3: How Teachers Handle Mistakes (Q96) • 62.0% Safe & Aligned

- 62.0% of teachers treat mistakes as normal learning steps and encourage shy students to try again without fear.
- However, 23.0% switch immediately to overly simple questions, which lowers classroom rigor.

Habit 4: Discussion Time vs. Facilitator Lecturing (Q98) • 54.2% Discussion

- In 54.2% of sessions, teachers spent most of the time discussing in small groups (meeting the 30:70 talk ratio goal).
- In 45.8% of sessions, facilitators talked too much and drifted into lecturing.

3. Training Ground Realities & Logistics Blindspots

4,804 Cluster Centres

Area	What the Data Found	What This Means in Plain English
Observer Visits	1,688 Venues (35.1%)	1 in 3 training centres had no monitor visit because of remote travel distances.
TV / Projector Usage	2,839 Venues (59.1%)	6 in 10 centres could not project slides on screen due to power cuts or lack of cables.
Facilitator Preparation	57.0% Completed	4 in 10 facilitators ran sessions without reading their full preparation guide beforehand.
Teacher Trust vs Audit	Δ 23.4% Gap	Teachers gave 94.6% satisfaction, but observers scored quality at 71.2% because facilitators lectured too much.

4. The 52 Districts: 4 Simple Strategic Groups

100% Zero-Delta Map

Every district in Madhya Pradesh is grouped based on two simple factors: **Attendance Rate** (Did teachers show up?) and **Teaching Quality** (Did teachers use good teaching methods?):

 **Group 2: High Quality, Need Attendance**

26 Districts

Turnout: 48.6% • Quality: 81.5%

Districts: Indore, Bhopal, Ujjain, Gwalior, Jabalpur, Sagar, Rewa, Satna, Chhindwara, Hoshangabad, Vidisha, Ratlam, Mandsaur, Neemuch, Damoh, Katni, Shivpuri, Guna, Harda, Betul, Chhatarpur, Tikamgarh, Balaghat, Seoni, Mandla, Khandwa.

👉 Fix: Teaching quality is high; focus on sending reminders and mobilizing more teachers.

 **Group 1: Statewide Champions**

8 Districts

Turnout: 82.4% • Quality: 84.2%

Districts: Dhar, Rajgarh, Sehore, Shahdol, Khargone, Dewas, Narsinghpur, Raisen.

👉 Fix: Top performers in both attendance and quality. Use their best teachers as regional mentors.

 **Group 4: Priority Attention Needed**

13 Districts

Turnout: 42.1% • Quality: 61.8%

Districts: Alirajpur, Sheopur, Bhind, Panna, Morena, Datia, Ashoknagar, Anuppur, Burhanpur, Sidhi, Niwari, Shajapur, Agar Malwa.

👉 Fix: Need dual support on administrative attendance and hands-on master trainer coaching.

 **Group 3: High Attendance, Need Coaching**

5 Districts

Turnout: 78.1% • Quality: 64.3%

Districts: Barwani, Jhabua, Singrauli, Dindori, Umaria.

👉 Fix: Teachers attend reliably; provide focused coaching to overcome the "Activity Trap."

5. Results Framework Scorecard (State Average: 78.3%)

Overall Health

Area Evaluated	What Was Measured	Score	Target
1. Syllabus Fit	Did topics match current monthly school lessons?	78.4%	80.0%
2. Concept Clarity	Did facilitators explain teaching concepts clearly?	81.2%	80.0%
3. Teaching Shift	Are teachers moving away from rote learning and busywork?	72.8%	75.0%
4. Classroom Utility	Can teachers actually use these activities on Monday?	86.1%	85.0%
5. Discussion Time	Did teachers get enough time to talk and debate?	69.5%	70.0%
6. Session Setup	Was the training venue organized and on time?	77.3%	80.0%
7. Teacher Reach	What percentage of target teachers attended?	82.6%	85.0%
Overall Statewide Performance Score		78.3%	80.0% (Strong)
