

RSK Shaikshik Samvaad: Executive Visual Summary (One-Page Briefing)

Statewide Implementation, Cadre Mobilization & Pedagogical Diagnostic Briefing

State Apex: Rajya Shiksha Kendra (RSK), MP | Evaluation Partner: Peepul India | Cadre Universe: 68,427 Varg-2 Teachers | Target Scope: Classes 6–8 Shikshak Samvad (52 Districts, 322 Blocks, 4,804 Mapped Clusters) | Cycles: Aug & Sep 2026

1. Executive Master KPIs (Live Dashboard Reconciled)

KPI Metric	August 2026	September 2026	Consolidated Total	Operational Lineage & Scope
District Saturation	52 / 52 (100%)	52 / 52 (100%)	52 / 52 (100%)	All 52 administrative districts actively reporting across MP
Active Venues	2,874 Venues	2,861 Venues	5,735 Sessions	2,822 Cluster + 52 DIETs (Aug) 2,809 Cluster + 52 DIETs (Sep)
Classroom Teachers	23,785 / 68,369 (34.8%)	23,169 / 67,222 (34.5%)	46,954 / 135,591 (34.6%)	Actual attending Varg-2 teachers vs. Facilitator expected target
District Officials (DO)	4,454 Officers	4,520 Officers	8,974 Attendees	DIET faculty, APCs, BACs, and CACs oriented at District HQ
Master Facilitators	4,891 Leads	4,850 Leads	9,741 Leads	4,814 Cluster Facilitators + 77 District Master Trainers (Aug)
Field Observers / Monitors	572 Monitors	560 Monitors	1,132 Audits	516 Cluster Observers + 56 District Observers (Aug)

2. Statewide Varg-2 Participation Funnel (Total Universe: 68,427)

Funnel Stage	August 2026 Cycle	September 2026 Cycle	Strategic Operational Takeaway
1. Facilitator Expected Target	68,369 (99.9% of Universe)	67,222 (98.2% of Universe)	Ground facilitators accurately reflect full ~68k Varg-2 teacher baseline
2. Actual Attending Teachers	23,785 (34.8% Turnout)	23,169 (34.5% Turnout)	High month-on-month core participation stability across both cycles
3. Non-Attendance Mobilization Gap	44,584 (65.2% Gap)	44,053 (65.5% Gap)	Primary growth lever for RSK: Enforcing block-level attendance follow-up

3. Classroom Pedagogy & Misconception Matrix

Pedagogical Domain	Diagnostic Question & Construct	Constructive Mastery Option	Dominant Misconception Trap	Mastery	Trap %
Hands-on TLM Purpose	Q95: Role of concrete materials	Structured reflection & inquiry on concept	'Activities ensure learning automatically'	51.9%	48.1%
Classroom Belonging	Q97: Response to student struggle	Normalize mistakes as natural steps	'Praise only students with correct answers'	33.9%	66.1%
Intellectual Safety	Q96: Handling misconceptions	Use errors as diagnostic entry points	'Correct student immediately before failing'	62.0%	38.0%
Peer Dialogue	Q98: Structuring group discussions	Students argue and debate in peer groups	'Teacher summarizes topic after question'	54.2%	45.8%

4. 52-District Strategic Quadrants (Group Breakdown)

Quadrant Group	Core Criteria	Representative Districts (52 Total)	Strategic RSK Focus
Q1: Champions	Turnout ≥34.8% Pedagogy ≥50.5%	Dewas, Sehore, Harda, Narsinghpur, Raisen, Shajapur, Neemuch, Mandsaur, Jabalpur	Scale best practices; deploy master facilitators as peer mentors.
Q2: Scale Gap	Turnout ≥34.8% Pedagogy <50.5%	Chhatarpur, Damoh, Panna, Rewa, Satna, Tikamgarh, Bhind, Morena, Shahdol	High turnout; prioritize conceptual reflection over rote activity.
Q3: Reach Gap	Turnout <34.8% Pedagogy ≥50.5%	Bhopal, Indore, Ujjain, Gwalior, Sagar, Hoshangabad, Ratlam, Khargone	High quality; enforce block/CRC attendance follow-up drives.
Q4: Priority Support	Turnout <34.8% Pedagogy <50.5%	Alirajpur, Barwani, Jhabua, Singrauli, Sheopur, Dindori, Mandla, Sidhi, Umaria	Intensive dual-track intervention: attendance drive + academic support.

5. Executive Action Directives for RSK Leadership

- 1. Targeted Block Attendance Mandate: Direct DPCs and BEOs in Quadrant 3 & 4 districts to track CRC rosters against the ~44k non-attending Varg-2 teachers.
- 2. Pedagogical Refocus on Normalizing Struggle (Q97): Deploy 15-minute micro-modules targeting the 66.1% misconception that equates praise only with correct answers.
- 3. Cross-District Mentorship: Pair Champion districts (Dewas, Sehore) with Priority Support districts (Alirajpur, Barwani) for facilitator co-planning.
- 4. Real-time Telemetry Feedback: Utilize live monitoring telemetry from the 572 field observers to execute mid-cycle course corrections.
